WHAT WE OFFER?

WOOD

The wood we import is top of the line which gets imported from Romania, Austria, USA & Sweden and some other countries. Which makes up a remarkable relation with our clients and suppliers.

We supply an extensive range of wood such as Softwood, Hardwood and Engineered Wood.

STEEL

We have a diverse range of solutions in steel. All our products meet global quality standards. Our steel is of different sizes and sources, which is being consumed by many builders in UAE.

CEMENT

As cement is the most useful when building that is why you need our finest quality cement. We provide the hardest cement available in UAE as hard as our bond with our customers.

ELECTRIC ITEMS

Our wide and diverse range of electric equipment and items shall indeed fill up all your needs. Rukn Al Salam deals with all sort of electric items such as wires, switches & plates, MCBs, junction boxes, fan boxes, light boxes and many other items which you require are at your service.

WIREMESH

Rukn Al Salam wire mesh plant is standardized to manufacture the crown quality products which offers high quality squares, structural & long meshes.

All our products are through fully computerized machines. We make it deliberate that we deliver the top of the line product to our beloved customers.

WE OFFER

MORE!

CUT & BEND

We contain the pre-eminent gear which is used in cutting & bending which will fit upto your standards.

STEEL REBAR

Steel product used extensively in the sector of engineering and construction. Rukn Al Salam delivers you the high quality strengthen steel to lift up all of your structures.

We are to guarantee the resistance needed by your structure as a whole to support the design loads

WIRE NAILS

Iron wire nails is widely used in many fields for its various of types. Iron nails we often see is pointed hard metal, and as fixed wood and other objects.

The nails finished types: Good polished, flat head, diamond point, in addition, we also have corrugated nails, common round nails and steel nails. Our nails are good for wood and bricks.

PLYWOOD

Rukn Al Salam keeps a variety of Plywood ranging from Hardwood core, combi core, poplar core and finger joint boards.

BINDING WIRE

Processed with low carbon steel wire and through drawing and electric galvanizing, standard wire gauge is available in range from 8 BWG to 26BWG.

These are manufactured using superior mild steel and offer high resistance against corrosion. Owing to the features like high performance and high durability, these wires are used in various industrial applications.

Electric galvanized iron wire is used in weaving of wire mesh, fencing for expressway and construction.
